

Commemorate the life of someone special

strokefoundation.org.au

Honouring a loved one with a donation to the Stroke Foundation is a meaningful way to celebrate their life while helping others.

Your gift will help reduce the impact of stroke in our community every day. Whatever the size of your gift, you can be confident that you are supporting important programs dedicated to research, prevention, treatment and awareness of stroke. You are making a lasting difference for stroke survivors.

Thank you for supporting the fight against stroke

Tragically, a stroke happens to someone in Australia about every 10 minutes. It kills more women than breast cancer and more men than prostate cancer, and is a leading cause of disability.

We've made great progress in the fight to overcome stroke and reduce its impact, but there's still a long way to go. Together we can spare more Australians from the suffering caused by stroke, and give stroke survivors the best possible support and recovery.

Through your very kind gift, the memory of your loved one will have a lasting impact for stroke survivors across Australia.

Thank you.
